U.S. government posture/actions with respect to the extraterrestrial presence + government imposed truth embargo - the cover-up + role (complicity?) of media in the truth embargo + role of the film industry + NASA + reverse engineering + foreign governments' posture/actions + MJ-12 Documents + Corso Legacy + Dr. James McDonald's Legacy + Area 51 + Disclosure Project + reverse engineering + remote viewing + Rockefeller Initiative + underground military bases + Pres. Carter studies + politics of disclosure + post-disclosure world

Paradigm Research Group is pleased to announce it will bring together in the Washington, DC metro area the most powerful group of speakers ever assembled to focus on the governmental, political and media aspects of 50 years of extraterrestrial engagement and societal denial. And just to make things more interesting, it will hold this conference right in the middle of the 2004 presidential primary season. Collectively, the X-Conference speakers hold enough knowledge of government involvement with extraterrestrial phenomena and the truth embargo to end the cover-up tomorrow. All it would take is for the political leaders and the political media to pay attention. And yes, they have been invited, too.

Venue

The Hilton Gaithersburg is a 3 Star, 3 Diamond hotel with unlimited free parking, metro access, conference facilities for 1500, banquet seating for 300+ and is equidistant from all major airports (Reagan, Dulles, BWI). X-Conference gets a special group rate. When booking refer to **Paradigm Research Group** and the X-Conference booking code: **PAR**.

Meet the Speakers Cocktail Party

On Friday night this special event provides a chance to get a head start on the conference and interact with many of the extraordinary men and women who may very well change your world. Enjoy hors d'oeuvres, desert and soft drinks with libations from a cash bar. After the cocktail party there is a private dinner for the speakers and a free film showing for attendees. Whether you are from out of town or from the Washington area, plan to attend these pre-conference events and add to your weekend's enjoyment. Advance booking is required.

Lectures and Special Panels

All speakers will give a 50-minute lecture with questions, and some speakers will participate in issue panels. Admission is via **Day Pass** which provides access to all lectures and panels that day. One- and Two-Day Passes are available.

Workshops

Some speakers will also give 90-minute, in-depth Workshop presentations. Each of these presentations requires a separate **Workshop Ticket**. You must have a Day Pass to purchase **Workshop Tickets**.

Banquet

The heart of the weekend conference is the Saturday Night Banquet and PRG Awards. It will include a gourmet buffet dinner, PRG Awards presentation, keynote speaker and special guests. Seating is limited to 300 and will likely sellout. Advance ticket purchase is recommended. Keynote Speaker: TBA.

Special Presentation

Richard Hoagland will give his first presentation on the East Coast since the 1992 conference at the United Nations. With a European Space Agency orbiter circling Mars and two U.S. rovers on the surface, extraordinary new information is coming out, and Richard will be examining all of that along with a greatest-hits review of his career findings since the publishing of the *Monuments of Mars* in a split (Sat/Sun) 4-hour, intense presentation. Richard Hoagland brings his vast library of photos and graphics to life and provides an opportunity to go to extraordinary places and see amazing things.

Documentary Film Showings

Titles: *Out of the Blue*, *Star Dreams*, *Touched*, *Roswell* (movie). Because there is a private speakers' dinner after the Friday Cocktail Party and the Banquet on Saturday is limited to 350, these free showings will provide entertainment for other attendees Friday and Saturday evening. They will also be shown all day Saturday and Sunday in the video room.
