**Paradigm Research Group** is pleased to announce it will again bring together in the Washington, DC metro area a powerful group of speakers to focus on the governmental, political and media aspects of 60 years of extraterrestrial engagement and societal denial. Collectively, the X-Conference speakers hold enough knowledge of government involvement with extraterrestrial phenomena and the truth embargo to end the cover-up tomorrow. All it would take is for the political leaders and the political media to pay attention. And once again, they have been invited, too.
