Paradigm Research Group will bring to Washington, DC a powerful group of speakers to focus on the social, political and scientific implications of the UFO/ET phenomenon including the 62-year truth embargo on formal acknowledgement of an extraterrestrial engagement of the human race. Collectively, the X-Conference speakers hold enough knowledge of the UFO/ET issue to end the truth embargo tomorrow. All it would take is for the political leaders and the political media to pay attention. And once again, they have been invited, too.

Venue

The National Press Club is a Washington institution and is located two blocks from the White House, twelve blocks from the Capitol and close to most of the national and international media. The NPC is two blocks from Metro Center and a short metro or taxi ride from Reagan National Airport (DCA). Its Main Ballroom will seat 400+ for lecturers or dinner. See: www.npc.press.org
